**CREDIT PROTECTION PROGRAM
FROM
TOTAL LOSS COVERAGE**

A lot can happen on the wide open road ...

And if Your Motorhome, RV or Camper is Totaled, You're Responsible

When your vehicle is a total loss, your insurance settlement may not be enough to pay off what you owe on your vehicle.

Most insurance policies only cover the actual cash or market value of a vehicle. That, plus your deductible, can leave a significant GAP between what your insurer will pay and what you owe.

The difference between what your insurance company pays, less your deductible and what you owe is referred to as the "Gap" and can be several thousand dollars and adversely affect your credit.

These are the reasons that you need to have Total Loss Coverage to fill the GAP and protect your credit rating and your savings.*

For pennies a day, protection you can't afford to be without.

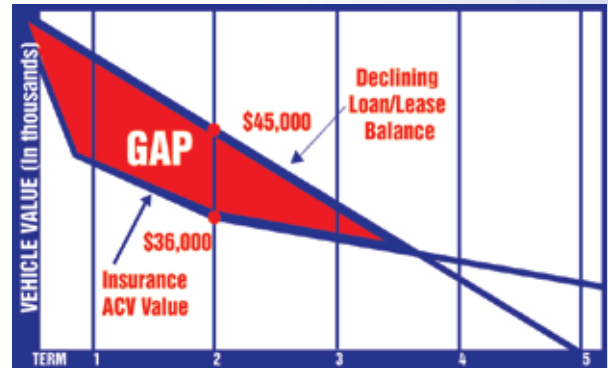

- We Pay The Gap
- We Pay Your Deductible (up to \$1,000)
- We Protect Your Credit Rating
- We Protect Your Savings

Ask Your Dealer To Add This Invaluable Protection to Your Contract For Added Peace of Mind.

*See the TLC GAP Waiver/Contract for Details

When The Unexpected Happens- Here's How TLC Credit Protection Program Fills The GAP

EXAMPLE

• Loan Balance/Year 2	=	\$45,500
• Insurance Settlement	=	\$36,000
<hr/>		
• Loan Deficiency (GAP)	=	\$ 9,500
• Customer Deductible	=	\$ 1,000
<hr/>		
• Out of Pocket Expense	=	[\$10,500]
• TLC Benefit	=	\$10,500
<hr/>		
• Out of Pocket Expense When Protected by TLC	=	\$ 0

When the insurance value of your totaled vehicle is less than what you owe, you need the credit protection of TLC GAP.

So before you hit the road make sure you're fully protected.
