## RV Technical Assistance Program

CELEBRATING  
**50 YEARS**

# Welcome to the Nation Safe Drivers RV Technical Assistance Program

The RV Technical Assistance benefit provided through Nation Safe Drivers was created to help the RV industry deliver a higher standard of customer service. Our team of certified and master certified technicians, as governed by the RVIA and RVDA certification board, is comprised of some of the most knowledgeable technicians in the industry. It is our sincere desire that your enjoyment of this lifestyle will be enhanced through our efforts to share our knowledge.

---

## Your New RV

The purchase of a new RV is an exciting time! But for some buyers it can also be somewhat of a concerning time. You may be wondering, "Who will I be able to turn to in the event I have any issues with my RV?"

---

## Security

Wherever you are, you will enjoy the secure feeling of knowing that you are protected by the Nation Safe Drivers RV Technical Assistance Program. Fast response and excellent service are just two reasons why millions of motorists rely on Nation Safe Drivers for on-the-road protection.

### Protect Your Investment

\*Please see your contract for specific terms & conditions.

## 24 Hour A Day Service

With the Nation Safe Drivers RV Technical Assistance program help is only a phone call away. We are at your service 24 hours a day, 365 days a year, with RVDA and RVIA certified technicians and master certified technicians.

Our technicians are standing by and are adept at answering questions for any RV concern. Most technical support questions are related to the following common problems:

- Electrical situations
  - (12VDC and 110 VAC)
  - LP Gas
  - Appliance issues
  - Fresh water systems
  - Leveling problems
  - Slide out issues
- 

## Testimonial

*"We had gotten to the campsite late that evening and the weather was turning cold. The pilot light for our furnace would not light. I remembered that I had 24-hour technical assistance. The gentleman assisting me was able to talk me through getting the pilot lit and we were comfortable the rest of trip. Thank you for your help."*
